Re: Request for Fee Determination FY 2002
Fee Control No.: 00000RROG-02-079

Dear Mr. Balentine:

This letter responds to your request that we determine whether your Fiscal Year 2002 regulatory fee is due.

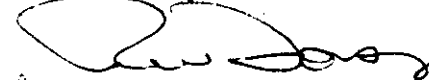

You assert that a contractor renewed your license for station WPSR572 on July 18, 2001. You state, however, that due to a communications error between you and your contractor, your contractor renewed your license as a CMRS license, rather than a PMRS license. You also state that you are in the process of modifying the station to PMRS status.

The CMRS regulatory fee to be assessed is based upon the nature of the license held on December 31, 2001. *See Federal Communications Commission Public Notice "FY 2002 Commercial Wireless Regulatory Fees,"* (August 5, 2002). Payment of the regulatory fee was due by September 25, 2002, and any payment received after this date will be assessed a 25% late payment fee. *Id.* For FY 2002, the regulatory fee for CMRS mobile services is 24 cents per unit. *See Assessment and Collection of Regulatory Fees for Fiscal 2002, Report and Order*, MD Docket No. 02-64, FCC 02-205, Attachment D (rel. July 5, 2002).

Your radio station authorization on December 31, 2001 had a regulatory status of CMRS and showed a total of 62 units. Accordingly, the regulatory fee for your station for FY 2002 is \$14.88. Moreover, because it was due on September 25, 2002 and we have not received your payment, you are hereby assessed a late fee of \$3.72, for a total payment due of \$18.60.

Payment of your fee and late payment penalty for FY 2002 is now due. The payment must be filed together with FCC Form 159 (copy enclosed) within 30 days from the date of this letter. If you have any questions concerning this matter, please contact the Revenue & Receivables Operations Group at (202) 418-1995.

Sincerely,

Mark A. Reger
Chief Financial Officer

Re: WPSR572, File Number: 0000312089

Dear Sir:

I hired a contractor (LAO) to renew my license. The renewal should have been IG (PMRS) instead IK (CMRS). About five years ago, cellular telephone service came available in this area. My last customer disconnected his service. This left me with dispatch service only. I removed the telephone line and equipment. So when the license was renewed in 7/18/2001, an error was made due to communications between the license contractor and me.

I am in process of modifying WPSR572 to IG Status. Please let me know what to do about regulatory fee.

My Home telephone is 256-446-8525. My address is above.

Sincerely Yours

Jimmy Balentine
